

HIMSS SOUTH FLORIDA CHAPTER

Volume 14 | February 2022

As we embark on a fresh start of the new year 2022, we reflect on accomplishments of 2021 and plan for the new year! In 2021, South Florida HIMSS was recognized at HIMSS21 for the 2020 Medium Chapter of the Year Award! At HIMSS21 in Las Vegas, we co-hosted, along with Central North Florida HIMSS, the first Florida Chapter Reception at National HIMSS Conference. It was so successful we have decided to co-host the Florida Chapter Reception once again at HIMSS22 March 15th in Orlando, FL. In 2021, we also successfully held several educational webinars and hosted the chapter's first Zoom Annual Conference "Integrate".

We launched into 2022 with a packed agenda including our first in person event of 2022: [SFLHIMSS Annual Student & Professionals Event](#) hosted at Nova Southeastern University's Innovation Center on the evening of Thursday, March 3rd. This is a remarkable venue and should make for a memorable event. We kick off The Chapter's newly added [Mentor/Mentee Program](#) on February 21st and have initiated planning of the Annual Scholarship Fundraising Golf Tournament scheduled for May 20th. There are LOTS of ways to be involved with South Florida HIMSS whether it be planning for an event, speaking, sponsoring or advocating, we need your volunteerism. Please reach out to me or any of the Board to understand more about how to get involved.

We hope to see you at one of the local chapter events and in Orlando at HIMSS22!

Kendall Brown, South FL HIMSS President

Announcements

HIMSS South Florida Scholarship Winner

Roseanne Alhindi – Nova Southeastern University

The South Florida HIMSS Chapter Scholarship is for students of health information technology or informatics and promotes the development of emerging leaders in health information technology management.

Roseanne is a biomedical informatics student at Nova Southeastern University. Active in HIMSS and the National Society of Leadership and Success, she believes the use of information and technology in healthcare can improve the quality of care delivered in the United States and around the world, with the use of systems and data to track patient care, which has access to accurate patient information, it can help with diagnoses of the patient.

Related to the scholarship funds, the HIMSS Scholarship funds will assist her in gaining an educational experience that will promote the use of health information and technology in the future by enhancing her knowledge in health information technology. She is able to engage in more courses in a semester and obtain straight A's. Roseanne believes this scholarship will motivate her to increase her educational experience and get her to participate with her classmates and professors.

Also, this would allow her to participate in a research opportunity at her university, relating to

information technology such as clinical systems biology. Roseanne's goal is to complete her master's in biomedical informatics, as well as get hands-on experience in health information technology. She believes with educational and hands-on experience; will allow her to get a career in the future in health information technology and improve quality of care and patient safety. Being a woman in technology motivates her to work at a high level of performance and helps her to become confident to be a part of an exciting field.

Join SFLHIMSS to congratulate Roseanne Alhindi on this well-deserved award!

Upcoming 2022 Events

HIMSS22 is around the corner!

March 14th through March 18th
Orlando, FL | Orange County
Convention Center

The HIMSS Global Health Conference & Exhibition is the can't-miss healthcare event of the year, where professionals throughout the global health ecosystem connect for the education, innovation and collaboration they need to reimagine health and wellness for everyone, everywhere. HIMSS members and healthcare professionals—from CIOs and senior executives to providers and payers to IT consultants and entrepreneurs—attend this influential conference and trade show year after year to get the information and solutions they need to reimagine health and wellness for everyone, everywhere.

Now with in-person and digital registration options, attendees can choose their path to the conference—allowing for a personalized experience with even more value.

SFLHIMSS Mentor/Mentee Program Kick-Off

On February 21st, The South Florida Chapter of HIMSS kicked off its Mentorship program (2021-2022) to engage local, experienced healthcare leaders to mentor Emerging Healthcare Leaders. It is an excellent opportunity for mentors to inspire, share their experiences, offer advice, encouragement, and guidance to the mentees.

The mentorship program will be a summer program this year (June-Aug) and it's open to all SFLHIMSS members.

**Applications are now being accepted for mentors and mentees. Click on the links below to submit your application today!

Next Orientation Webinar: March 1st from 1:30 PM to 2:30 PM

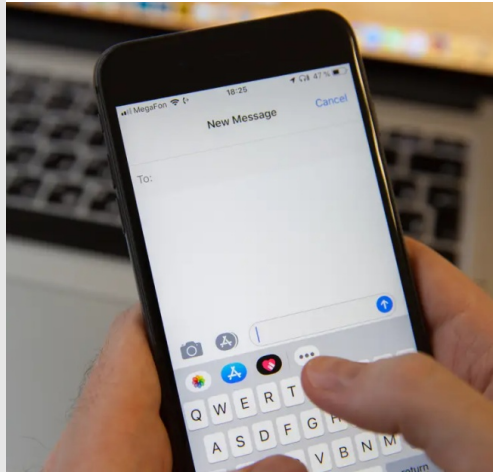

New members will be receiving a personal email invitation to participate
Any member is welcome to join
[Click Here to Join Webinar](#)

South Florida HIMSS is an active and busy chapter that boasts over 1,690 members. It provides members a wonderful opportunity to volunteer and help influence how technology is used to positively transform healthcare in our own backyard.

If you are interested in joining, please visit <https://www.himss.org/membership-types/individual> to see what membership type is right for you.

If you want to volunteer, please contact the corresponding Board member by clicking [here](#) and they will help orient you to the committee and discuss with you our various opportunities. We are always looking for volunteers to help with events throughout the year. To volunteer your time at one of our events throughout the year, please email sfl.info@himsschapter.org.
